HELPFUL GUIDES

Choosing the Correct Packing Material Guide

The first step in a successful packing job is to choose the correct materials, and by the end of this helpful guide, you should have all the knowledge needed to gather your materials!

In the moving industry, there is an assortment of different boxes designed specifically for any type of item.

Small Boxes

Dimensions: (16" X 12" X 12") 1.5 Cubic Feet

Ideal for packing smaller heavier items such as, books, tools, DVD's, etc.

Medium Boxes

Dimensions: (18" X 18" X 16") 3.0 Cubic Feet

Ideal for kitchen items, toys, small appliances, alarm clocks, etc.

Large Boxes

Dimensions: (24" X 24" X 24") 4.5 Cubic Feet

Ideal for packing any large bulky items such as lamp shades, stuffed animals, comforters, etc. It is important to keep the final weight in mind when packing. An overweight box risks collapsing into itself or into another box during the move!

Wardrobe Boxes

Come in three sizes: Shorty, Grand, and Space Saver. We always recommend space saver wardrobe boxes, because they are the most cost-efficient and do as their names says, Save Space! These boxes are used to pack any clothes that you have hanging in your closet. If you are using Moving Simplified for your move, no need to worry about wardrobe boxes! Our trucks come equipped with several wardrobe boxes and our movers will load and unload your clothing on your move date!

Dish Packs

Designed to safely pack your kitchen ware. They have inserts which allow you to separate your dishes or glasses apart from one another. They also feature double-layered siding to prevent any damage to the items inside.

Picture Packs

Come in several sizes and guarantee the safety of your wall pictures and wall art.

And even after spending the time of gather the correct boxes, they will do you no good unless you have tape to secure the boxes, packing paper and bubble wrap to protect the belongings inside the box, and a marker to list the contents of each box! We have all of these items available for sale at Moving Simplified.
